Kevin died today
We lost another one
A gifted man of song
Gone

Kevin died today
Did you ever see him play?
Magnificent in style
Outsang me by a mile
But I loved him all the while
Yes, Kevin died today
They say the sun will shine tomorrow
Even though he'll be gone
Yes, the sun will shine tomorrow
But tonight, I'll write this song
Can't get my head 'round this
Still trying to process it
Pain is all I feel
World surreal

Can't get my head 'round this
He won't be at Al's shows
Where I saw him most
He'd buy me a drink
To music we'd drink a toast
Can't get my head 'round this.
They say the sun will shine tomorrow
Even though he'll be gone
Yes, the sun will shine tomorrow
But tonight, I'll write this song
He believed in me
Said chase your dreams
No matter how dark things seem
Chase your dreams
Just talked to him last week
We made plans to meet
He wanted to hear my songs
Made me feel complete
Death's a thief
He believed in me

They say the sun will shine tomorrow
Even though he'll be gone
Yes, the sun will shine tomorrow
But tonight, I'll write this song
Kevin died today
We lost another one
A gifted man of song
Gone
Kevin died today
